### VOLUNTARY TSX DELISTING

Avenira Limited (ASX / TSX: AEV) ("Avenira" or "Company") advises that it has applied for the voluntary delisting of the Company's securities from the Toronto Stock Exchange ("TSX").

Subject to the application being accepted by the TSX, it is expected that Avenira securities will be delisted and therefore no longer traded on the TSX at market close on 11 March, 2016.

No change will occur to the quotation and trading of Avenira securities under its existing code AEV on the Australian Securities Exchange ("ASX").

#### Reasons for delisting

The decision to delist is due to several factors, including:

- the very limited trading volume of Avenira shares on the TSX over a sustained period; and
- the low and declining ownership of Avenira shares on the Canadian register.

As such, the Board considers that the regulatory and other costs associated with maintaining a TSX listing can no longer be justified.

#### Implication for holders on the Canadian register

As a consequence of the delisting, the Canadian shareholder register (the "Canadian register") will be closed. In order to trade their shares on the ASX, Canadian beneficial shareholders will need to have their holdings transferred to the Australian share registry, Computershare:

Computershare Investor Services Pty Limited  
Level 11, 172 St Georges Terrace

Enquiries within Australia: 1300 850 505  
Enquiries outside Australia: +61 3 9415 4000

For beneficial shareholders who hold their shares through a broker or other intermediary that is a CDS participant, the CDS participant/broker must complete and submit the "Register Removal Request – Canada to Australia" on the shareholders' behalf.

After the proposed delisting date of 11 March 2016 and until transfer to the Australian register is

Following delisting from the TSX, Avenira intends to apply under Canadian securities laws for an order that it cease to be a reporting issuer in Canada. Until such order is granted, the Company will continue to comply with its applicable Canadian continuous reporting obligations.
